

2/12/14

No new lecture this week. Here's a list of what we've covered so far:

1. Bits
2. History of Jumping and Jump IDs part I
3. Horse Mentality and Behavior
4. Gaits of the Horse
5. Movement and Front Leg Conformation
6. Shoeing

If anyone has missed a lecture due to an absence/snow day/polar vortex, there are extra copies. The last 2 lectures are in the red folder in the feed room. The others are in Hannah's office.

If someone has done all the lectures, there are other things to do. Such as:

1. Lecture Room book collection. Feel free to look through the books and albums. Just please remember to put things back where you found them.
2. Review blanketing. The cadets are doing a much better job with back leg straps, but this is something everyone could find useful.
